**Job description**

Are you looking to join an exciting company who have been a leader in providing recycling services throughout Ontario? You have come to the right place. We are a family business with a high-quality team of dedicated professionals. All Ontario Recycling has built a strong business culture based on key values of honesty, integrity and teamwork that govern what we will do to meet our customer's metal recycling needs.

**Job description – AZ driver**

We are looking for AZ drivers with a good CVOR and clean drivers abstract. Drivers are on the road 5 days a week **sleeping in their truck**.

Please ensure when submitting your resume for consideration, that you also include your drivers abstract.

Heavy Haul experience preferred. 140,000 lbs.

Year round Work!

All Ontario Recycling (AOR) has been hauling scrap metal for more than 30 years. Operating throughout Ontario, we are the leading supplier to the largest steel mills and other end users of scrap metal in the province. AOR drivers typically reside within 100km of Port Sydney, Muskoka because that is the pickup and drop off point of their trucks. However, there is no need for a daily commute as drivers sleep in their dedicated trucks during the week.
